During the regular session, Senator Perry authored Senate Bill 415, the Dismemberment Abortion Ban. This was the top Legislative Priority for Texas Right to Life, and Senator Perry expertly ushered the life-saving legislation through the Senate. While the House killed Senate Bill 415, the policy was added as a House amendment to Senate Bill 8 and was signed into law. During the special session, Senator Perry carried Senate Bill 11, the bill requiring patient consent for Do-Not-Resuscitate (DNR) Orders. Senator Perry assisted in facilitating ongoing stakeholder input and negotiations as this bill encountered roadblocks. When the bill was eventually returned from the House with several strengthening changes, he successfully led the new version to passage. Senator Perry is one of Texas Right to Life's 2017 Pro-Life Heroes.
